Essential Elements

Contractual civil liability requires the existence of a valid contract, the breach of contractual obligations, a damage or harm caused, and a direct causal link between the breach and the damage.

Types of Breach

The breach can be total, partial, or defective, and each type has different legal implications and consequences for the parties involved.

Consequences of Breach

The main consequences include compensation for damages, contract termination, and, in some cases, the forced compliance with contractual obligations.

Exoneration of Liability

There are circumstances that can exonerate the breaching party, such as force majeure or fortuitous events, and the creditor’s conduct that contributes to the breach.
